

The Department of Anesthesiology is pleased to welcome five new attending physicians to our faculty. You will recognize several of them as recent graduates of our training programs, now taking on new responsibilities in the department.

Peter E. Amato, M.D., earned his M.D. degree from the University of Connecticut. He completed both his internship year and the residency in anesthesiology at UVA, graduating in June, 2013. He is continuing his training in regional anesthesiology this year while maintaining part-time clinical responsibilities as an Instructor of Anesthesiology.

Tina M. Dailey, D.O., earned her D.O. degree from the Philadelphia College of Osteopathic Medicine and completed an internship at Drexel University before entering the Anesthesiology residency at Virginia Commonwealth University. After graduating from VCU, she came to the University of Virginia as a Clinical Instructor in Anesthesiology, working part time in the OR while completing a fellowship in regional anesthesia. After finishing the fellowship, Dr. Dailey joined the clinical faculty of the department as an assistant professor.

Christina Hayhurst, M.D., earned her M.D. degree from the University of Arizona and completed an internship year in Internal Medicine at UVA before joining our residency in Anesthesiology. She graduated from the residency in June, 2013. With an interest in Critical Care medicine, she will work with our general anesthesiology group as a assistant professor for one year before entering a subspecialty fellowship program in critical care medicine.

Jessica A. Tashjian, M.D., earned her M.D. degree from Duke University and completed both her internship year and her residency in Anesthesiology at the University of Virginia. She was elected chief resident for her final year, graduating in June, 2013. She has joined our general anesthesiology group as an assistant professor for one year before entering a subspecialty fellowship training program in cardiac anesthesiology.

Christine N. Zanghi, M.D., Ph.D., earned both her M.D. and Ph.D. degrees from the University of Rochester School of Medicine and Dentistry. She subsequently completed a residency program at Rochester, before coming to the University of Virginia. An active researcher in the area of immunology, Dr. Zanghi will be dividing her time between general anesthesiology cases in the OR and bench research. She holds the rank of assistant professor of Anesthesiology.
