
APPLICATION for FELLOWSHIP - INSTRUCTIONS

PLEASE READ CAREFULLY

Honors/Awards (page 1, item 8): List all honors/awards, including membership in honor societies. Specify the basis for any special recognition (i.e., academic performance, special accomplishments, leadership, research, community service, etc.)

Personal Statement (page 2, item 11): The Personal Statement provides you the opportunity to communicate your professional interests and achievements with regard to research experience and training, special projects, and professional accomplishments. Bibliographic references should be provided for all published papers. We are also interested in your future plans as defined by your specialty goal and the number of years you intend to devote to graduate education.

You may also wish to describe your personal interests, activities and circumstances. As transcripts of your academic accomplishments are most likely to be required, any interruption in your education should be explained in the Personal Statement.

References (page 3, item 12): References should be from faculty members or physicians who are familiar with your credentials and are in a position to comment on your suitability for the position you seek.

Signatures (page 3, item 15): Please note signature requirement pertains to both the letter of reference waiver and for application content.
