

	<p>seminar. Some of the issues to be discussed will include: informed consent, hearings under the LHRC Rules and Regulations, how to run an effective meeting and special issues.</p> <p>Chuck provided an update regarding the Commission on the Reform of Mental Health Statutes.</p> <p>Chuck reported that he attended the Open House for the Region X Crisis Stabilization Facility. The facility will serve all the Region I CSBs. It is a nine-bed capacity facility that will help people with mental health emergencies. Jenny Oliver was very instrumental in getting this established and gave a wonderful presentation.</p> <p>Administrator's Report: Priscilla Shuler reported that she and Janice Brock will make their transition out of the LHRC effective with the July Meeting.</p> <p>Susan Hess gave the restraint report.</p> <p>Dr. Pearlstein reported that in the few times when he has had to TDO a patient, no one from the facility called for a history on the patient.</p> <p>Sue reported on the patient complaints.</p>	<p>All patients on a TDO a pre-screened by the CSB and that the patient must give informed consent before a private practitioner can be contacted. However, the law is changing somewhat to ensure that this interaction may occur.</p> <p>Sue will gather more information and present at the next meeting to respond to questions.</p> <p>It was decided that the reports will be distributed at the beginning of the meeting with time to review them before the report. All copies will be returned so they can be properly destroyed.</p>	<p>Susan Hess</p> <p>Janice Brock</p>	<p>July 20, 2007</p> <p>Ongoing</p>
Old Business	Welcome Packet: Sue reported that although the nurse reviews this information with the patient on admission and they are given a copy of it, because it is so much information Group Meetings will be held two-three times a week to review this information as well with patients.	It was suggested that we include what will happen when the milieu guidelines are broken by separating the guidelines from the rules and consequences.	Sue Hess Lynne Fleming Janice Brock	July 20, 2007
New Business	None			
Committee	Liz asked the question, how is UVA planning for the increased			

Members Comments	<p>projection in Alzheimer's patients in the next 10-15 years. Priscilla reported that this is more of a Neurosciences focus area but that discussions occur among psychiatry and neurosurgery.</p> <p>Liz mentioned that they (the committee members) would like to visit Rucker 3 to see what renovations were done.</p>	We will have a meeting at Rucker 3 in the fall.	Janice Brock	September 21, 2007
Next Meeting	Next meeting will be July 20, 2007.			

Meeting was adjourned at 2:05pm.
