\* Services or procedures that do **not** generate billable Medical Center (MC) or Health Services Foundation (HSF) charges:

<sup>1</sup> Study team performs their own phlebotomy.

<sup>2</sup> Selected labs are sent to a central lab for processing.

<sup>3</sup> Pregnancy test kits are provided by the sponsor & processed on-site.

<sup>4</sup> The study drug is provided by the sponsor.

"Study" - designates charges that are to be billed to the study PTAEO and **not** to the subject/insurance.

"Patient" - designates charges that are performed as standard of care, appropriate to bill to subject/insurance.
